PACIFIC CABLE SCHEME.

(Continued from 3rd page)

"The fact that France and England have their eyes on the islands was emphatically demonstrated some time ago, when Audley Coote came over from Australia. He laid the New Caledonia cable. It was claimed by him that he represented three cable companies.

"He remained in Honolulu some time, but was successful in securing a concession from the Hawaiian Government. He wanted an exclusive concession. The Hawaiian Government held off for the reason that it looks to an ultimate annexation with the United States. I have received several communications on the subject from England, and I am convinced France cannot compete with the electrical companies of that country or this in laying cables. It will cost several million dollars to lay the cable, but the United States cannot afford to allow any other country to control the telegraphic communication of the Pacific. After we once lay the cable to the islands then we could go to Japan and Russia and afterward to Australia and New Zealand. There is no doubt that an American company would receive every support and the heartiest co-operation of the first two countries mentioned."—S. F. Call.

The British Trade Journal says that 3540 tons of Swedish and Austrian matches, and 25,941 tons of Japanese matches were landed at Hongkong in 1894. In Shanghai there are three match factories, turning out about 1,000,000 matches a day. The wholesale price is about eight boxes, containing seventy matches each, for a halfpenny.

William Preston Harrison, second son of the murdered mayor of Chicago, who made many friends here during his recent visit, is still sojourning in the South Sea Islands and has succeeded in reaching the interior of the largest of the Fiji Islands, something no other American has attempted. He is furnishing a series of letters descriptive of his travels to a number of prominent newspapers in the United States.

Blood Diseases,

When the blood is diseased and the system Anæmic or Scrofulous, it carries sickness through the whole body, for the current of human life is in the blood. This proves how necessary it is to have pure rich blood, because an impoverished condition of it brings on Fevers, Malaria, Rheumatism, Bowel Complaints, Lung Scrofula, General Debility, etc.

Wampole's

Preparation, perfected and tasteless, of Cod Liver Oil with Compound Syrup of Hypophosphites, Extracts of Malt and Wild Cherry Bark, resists the attacks of all disease germs in the blood, is highly recommended as the best modern treatment to clear your system and to bring back robust health and strength. Is really a family medicine chest.

Don't Make a Mistake!

The oldest, best and cheapest furniture store in the city was established by the veteran furniture dealer and undertaker, Mr. C. E. Williams, in 1859, and is now conducted by him and his oldest son Ed. A. Williams at 611 King St. We wish to notify our patrons and the public generally that we have no connection whatever with any other furniture and undertaking establishment in Honolulu.

THERE IS NO MISTAKE.

When people walk into the CITY FURNITURE STORE at the corner of Fort and Beretania streets and ask for Mr. H. H. Williams, they make no mistake.

They know where they can get the best value for their money and a good variety to select from.

C. E. WILLIAMS having sold his ENTIRE INTEREST in the Furniture and Undertaking Business to Mrs. Ed. A. Williams on the 17th day of June, A. D. 1895, and having left the country, his second son, HENRY H. WILLIAMS, now becomes the oldest experienced FURNITURE DEALER AND UNDERTAKER in Honolulu.

MR. H. H. WILLIAMS entered the employ of his father about twenty-five years ago, since which time he has made a continuous study of the Furniture and Undertaking Business. He graduated from Dr. S. Rodgers' Perfect Embalming School in 1890, since which time he has made a success of that branch of the business.

He does not advertise the oldest nor largest stock of Furniture in town, nor does he covet all the trade in town.

He only asks for his share, and from appearances he is getting it, consequently he is satisfied.

He receives new goods every month and fills order promptly.

WELL! WELL!! WELL!!!

Just Look at the Mistakes.

When people order by telephone of another Furniture Store and then walk into C. E. WILLIAMS & SONS Store and ask why the goods are not delivered on time they make a mistake. When a lady telephones to the store of C. E. Williams & Son to come and take back a piano that was sent to her by another furniture man she makes a mistake.

It is a Mistake to think that C. E. WILLIAMS has left the country without a return ticket.

It was a Mistake to try to stop him from going.

It is a Mistake to imagine that he will not return with a stock of goods, with prices that will make the public happy and paralyze some folks.

It is a Mistake if Clark's school of embalming from which Mr. ED. A. WILLIAMS graduated last year is not the best on Earth.

It is a Mistake if you think we do not covet all the trade in town; we do! We would like the Earth and Necker Island thrown in.

It is a Mistake if you think (all insinuations to the contrary) that we do not still remain, Yours as ever,

C. E. WILLIAMS & SON,
